Project #:1004428 Application #:18DRB-70007

Meeting Date: April 4, 2018 *(deferred from 1/7/18,1/24/18,2/718,2/21/18,3/7/18,3/21/18)*

- PP shows a vacation of a portion, as shown, of a public access, drainage, sanitary sewer and waterline easement but there has not been a vacation request for action by DRB. This is required.
- Remove the zoning since these will change with the conversion (IDO) or a note should be added stating what the conversions will be.
- The tract numbers do not match on sheet 1 and 2. Nor acreage. Is one the existing PP layout and sheet 2 the amended?
