ABCWUA Comment:

Please provide written description of how the following comments were addressed with the next submittal.

1. No objections to IIA extension.
2. Please clarify the new end date, the narrative suggests six additional months but it appears the request is for September 15, 2022. WUA has no objection to either date as long as it is clear.
3. Availability Statement #200620 is executed and provides the conditions for service.
