DRB Project Number: 2021-004138 AGENDA ITEM NO: 12

SUBJECT: Infrastructure List Amendment

ENGINEERING COMMENTS:

1. This infrastructure list does not appear to be the latest and greatest since before the last amendment. Adjust the tabbing for the infrastructure list. For Diekenhorn Loop, fix the limits of improvements that are shown on the infrastructure list.
2. Update cross-sections as indicated at the last DRB meeting prior to sign-off. As indicated at the last DRB meeting, include information for Bobby Foster with regard to transitioning, the median, and median curb; the cross-sections should help clear this up.
3. As a reminder, amendment to the infrastructure list shall be needed based on traffic impact study improvements, as already indicated. Please schedule a date for a Traffic Scoping Meeting.

Disclaimer: The comments provided are based upon the information received from the applicant. If new or revised information is submitted, additional comments may be provided by Transportation Development.
