Lot line removal.

Albuquerque, New Mexico

We are requesting to have a lot line removed from the property at 3430 Monte Vista Blvd. NE. The recent survey we have doesn't show the lot line cutting through the property, but it does show up when the city reviewed our proposed project. Please preview our current survey that I've attached. It indicates how we would like the site to be. Please review, and let me know if you have any questions, Thanks,
