Mike,

See attached the approval for Foundation Permit. Please make sure that no grading begins until your ESC Grading Permit is processed (see attached), which cannot be approved until your ESC Plan is approved.

Good morning Abiel/Shahab, I wanted to thank you guys again for taking the time to meet with us earlier this week and I wanted to follow up with you concerning our foundation permit review. It was understood that you were going to continue to review our foundation permit submittal and get back to us with any comments and/or an approval. I wanted to check on this review and determine where you guys stand and if there were any comments we can address moving forward. As you know the schedule is tight so any help is greatly appreciated. Thanks.
