<u>06-30-2021</u>
Sketch Plat. As discussed in previous reviews for Mesa del Sol, the Parks and Recreation Department has a separate agreement subsequent to the Level B Master Plan regarding additional park requirements in relation to residential development. Please describe expected uses.

<u>11-17-2021</u>
Bulk Plat. The Parks and Recreation Department does not object to a bulk land plat. In past meetings, the Parks and Recreation Department agreed that the Central Park is still inaccessible and other improvements could be made to meet the requirements outlined in the Parks Agreement. If these larger tracts are to be further divided into residential parcels, more information will be needed as to how the parks requirements will be satisfied.

(FYI…this would be a good time to start discussions/emails from the applicant to PRD on alternatives to the Central Park requirement. PRD suggested relocation of the dog park as potential credit, but we need park credit potentials outlined in emails before further actions.)

No objection to Bulk Land Plat. Parks requirement in earlier comments is being discussed with the requests for Montage subdivision (PR-2020-003442).

Mesa del Sol has a multi-use trail per the Master Plan update, which may be required on the included Infrastructure List.

01-05-2022, 01-12-2022
Need further explanations on extent of multi-purpose trail along Mesa del Sol Blvd. Multi-use trail is "East of Eastern Couplet"?

02-09-2022
Given recent discussions, one side of Mesa del Sol Blvd west of western couplet could implement a multi-purpose trail in lieu of a 5-ft sidewalk to connect to the multi-purpose trail east of the eastern couplet along Netflix, and to connect westward toward I-25. Can Section D be revised to allow for a multi-purpose trail on one side of the road?

Meeting Notes:
P 20 of MDS – building orientation and setbacks – mixed use centers
Tract E park and plaza

03-02-2022
Regarding street section D / Mesa del Blvd west of western couplet, please consider switching dimensions outside of curb to 15-ft for side with multi-use trail and 13-ft for side with sidewalk.

Please confirm the proposed Multi-Use Trail on Mesa del Sol Blvd, West of Western Couplet, is positioned on the north side of the street.

Meeting Note:
Yes. New Multi-Purpose Trail shown on north side of Mesa del Sol Blvd as discussed.
