**These are preliminary Planning comments. Additional reviews and/or revised comments may be needed for any modifications and/or supplemental submittals.*

COMMENTS:

- All standards within IDO section 5-4-C (Subdivision of Land Compliance) apply to all re-platting actions. Re-plating action cannot increase any existing nonconformity or create a new nonconformity

- For Platting actions, all signatures from the surveyor, property owner(s), the City Surveyor, the utility companies, and AMAFCA are all required prior to the acceptance of the application file and the placement on a DRB agenda. After acceptance of the Plat application, DXF approval from AGIS must be obtained and the project and application numbers must be added to the Plat.

- The applicant will need to work with Transportation, Hydrology, and Water Authority members on submitting the required items per checklist form S for platting actions and for P for Site Plans. Obtain all required signatures as a part of the application submittal process.

- All Plan sheets must be sealed and signed by a design professional licensed in the State of New Mexico. Future Landscape Plans must be sealed and signed by a Landscape Architect licensed in the State of New Mexico.

**(See additional comments on next page)*

- Future development must meet all applicable standards and provisions of the IDO (NR-C) and the DPM.

- Please reference the following development standards from the IDO. Subject to change pending formal submittal or change in development type/use.
