[illegible]

Profile view of a road segment. The vertical axis represents elevation in feet, ranging from 5760 to 5805. The horizontal axis represents stationing, ranging from 186+00 to 194+00. The profile shows a proposed grade (solid line) and an existing grade (dashed line). A vertical curve is indicated by the label $S = -.85\%$. Key points marked include PVI STA. 189+10.00, 5787.00, and 5784.95. The profile shows a slight dip in the existing grade around station 190+00.
