RE: CHEESECAKE FACTORY ADDITIONS (H16-D48)

Dear Chris:

The plan dated 8/3/83 for the referenced site appears to be in compliance with our pre-design meeting, however, I am having difficulty reading the proposed and existing grades and the limits of construction. I would appreciate a better copy of this plan that clearly identifies these grades and the limits of construction. Also include a detail of the 4" pipe outfall for construction purposes.

If you should have any questions regarding the above please feel free to call me.

Very truly yours,

Fred J. Aguirre
