Re: Southwinds Subdivision

Dear Mr. Heller:

Liberty Homes, Inc. has requested their Engineer to revise the design for the drainage change on the Southwinds Subdivision as per the recommendation of Mr. Bruno Conegliano as stated on page 2 of his February 19th letter to Mr. Elvidio Diniz, P.E., a copy of which was forwarded to your office.

We are requesting that your office sign off the replat as per Mr. Conegliano's recommended changes.

Thank you for your cooperation in this matter. Please let me know at once if you will be able to do this since we are already way behind schedule on this project.

Sincerely,

Sam Andrade

SUBJECT: Request for Letter of Map Amendment for South Winds Subdivision (Map L-10)

Dear Bruno,

Transmitted herewith are two copies of the grading plan for the South Winds Subdivision and two copies of the request form to be forwarded to the Federal Insurance Administration. Elevation 5012 will not fall within the confines of the grading plan; therefore, the Flood Hazard Boundary Map for this area should be amended to show this subdivision outside of the flood hazard area.

Your expedience in processing this request will be sincerely appreciated. Should you have any questions, do not hesitate to call me.

Very truly yours,

James L. Hewitt Jr.
