Re: Drainage, 130 Girard NE

Dear Sir:

As per our telephone conversation of February 18, 1982, ponding is not required due to policy ordinance of Governing agencies. However, physical constraints imposed by existing improvements necessitate a pond to eliminate the possibility of saturation of foundations. The pond required to accomplish this is several times the volume increase brought about by this project. We are therefore reducing run-off to an amount less than existing conditions.

Sincerely,

Jean J. Bordenave
