CITY OF ALBUQUEROUE

PUBLIC FIRE LINE INSTALLATION

LEGAL DESCRIPTION OF PROPERTY AND ADDRESS:

TRACT D-1 THE 25 SUBDIVISIÓN RESIDENCE INN BY MARRIOTT 4331 THE 25 WAY

NOTICE TO CONTRACTORS

An excavation/barricade permit will be required before beginning any work within City,
County, or Village right—of—way. An approved copy of these plans must be submitted
at the time of application for these permits.

2. All work detailed on these plans to be done, except as otherwise stated or provided hereon, will be constructed in accordance with "City of Albuquerque Interim Standard".

Specification for Public Works Construction, 1986," latest revision.

3. Two working days prior to any excavation, the contractor must contact Line Locating

Service, 260-1990, for location of existing utilities.

4. Prior to construction, the contractor will excavate and verify the horizontal and vertical locations of all construction. Should a conflict exist, the contractor will notify the Construction Engineer so that the conflict can be resolved with a minimum amount of delay.

5. The contractor will be responsible for coordinating the water shutoff with the Water

Division seven working days prior to construction.

6. The contractor will be responsible for performing soil density tests as required by the City of Albuquerque.
