Re: Story Rock Subdivision **XR-6:**
City of Albuquerque Project # **1000078**
Request for Administrative Amendment to Site Development Plan for
Building Permit

Dear Mr. Dineen:

D. R. Horton hereby requests review and approval of the attached amended Site Development Plan for the Story Rock Subdivision. As requested by City plan check personnel, all of the project plan sheets are included in this amendment so that there will be no need to search through multiple plan sets. The changes are all minor housekeeping items that have surfaced during construction plan checks. The changes are detailed on the attached matrix, and are summarized as follows:

- Added key note #24 reference in elevations for optional covered patio
- Revised elevations for fireplace option
- Revised elevations for optional exterior door in lieu of window at master bath
- Revised elevations for balcony option over covered patio
- Revised elevations for transom window in lieu of full height window
- Revised elevations for bump-outs on rear windows
- Revised elevations for optional 12" column in lieu of 6" column
- Consolidated sheet index

Please review this request and call me if you have any questions or need any additional information. Thank you for your assistance.

Sincerely,

R. P. Bohannon, PE
Land Development
Engineering and Construction Manager
