

Request to make lot change at 1315 Mountain Road.

Currently I own four lots adjoining each other on Mountain Road.

I am needing to change three of them into one lot.

They are in the Balling section located at 1315 Mountain Road NW. Lots are numbered 17,18,19 and 20. The lots I would like to make into one lot are 17,18 and 19.

I am currently planning to open a retail store in the existing building on lot 18.

Lot 17 will be used for a parking lot and I would like to include lot 19 in order to accommodate planned fencing and a shade structure for the patio at the shop. This will also allow for possible expansion of the business without encroaching on the property line.

There is no need or plan to include lot #20.
