**RE: Villa de la Cueva/final plat**

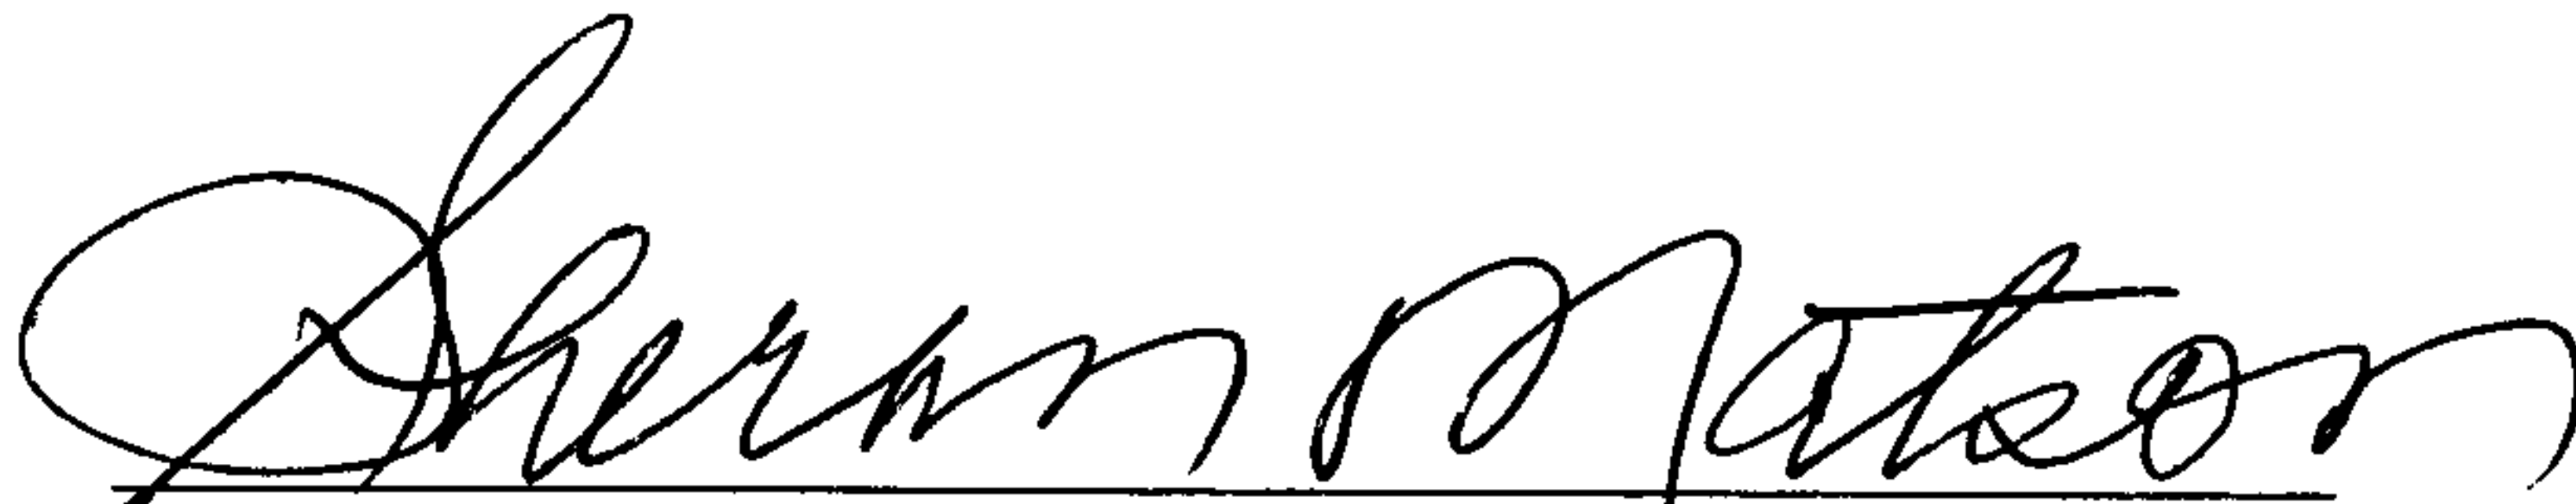

Are there any changes between the preliminary plat & the final plat?

Three conditions of final plat were imposed at the time of preliminary plat approval:

- Cuevita Court must be labeled right in/right out only.
- No direct access to Wyoming or Alameda is allowed.
- Wall design submittal shall be revised to reflect Zone Code requirements.

Are these met?

If so, Planning has no objection to approval of final plat.

**Application # 03DRB-00356**

**Subject:** North Albuquerque Acres, Tract 2/Sketch Plat

The La Cueva Sector Plan on page 26 states that residential development more intense than what is typically allowed in the R-1 zone (i.e. site size less than 5,000 square feet) will be subject to site development plan approval by DRB. A site plan for subdivision is the common interpretation of this language. Also, site plans must meet the design regulations in Section 5.4.6, pages 30-37, of this plan.

The lots as currently shown on the sketch plat meet the minimum lot width & square footage requirements of the RT zone which governs the RD zone in the Zoning Code.

No zone change is required. RT zoning requirements apply to RD zoning.

**Parks and Recreation Comments:**

This request will be subject to the following requirements of the City Park Dedication and Development Ordinance:

Prior to sign-off on the final plat, a fee in-lieu of and equal to the value of the required park land dedication for 12 new residential lots will be required. The fee will be based on an estimate of land value to be provided by the City Real Property office. Alternatively, the applicant may submit current appraisal information mutually acceptable to the applicant and the City.

The park development requirement will be met via the payment of a fee prior to issuance of building permit for each new dwelling unit.

The R-D zone requires 2,400 square feet of open space for each dwelling unit. With submittal of the Preliminary Plat/Site Development Plan, provide an Open Space Calculation Table showing the lot number, lot size, building & driveway area, provided open space, remaining open space requirement (this table can be separate from the plat itself). Provide a dimensioned Typical Lot Plan, which shows a typical lot with the building footprint and driveway (this should be on the Site Development Plan rather than the plat). Include one of the following notes on the Preliminary and Final Plats indicating how the total remaining open space requirement will be met:

All open space requirements are met on the lot with the dwelling per the provisions of Section 14-16-3-8 (A) (1).

Total remaining open space requirements are met via a cash payment to the City of Albuquerque per

the provisions of Section 14-16-3-8 (A) (2).

Total remaining open space requirements are met via the provision of detached open space per the provisions of Section 14-16-3-8 (A) (3). \*Note: This option is only applicable to land covered by a Sector Development Plan.

Following is a summary of PUBLIC/PRIVATE Infrastructure required to be constructed or financially guaranteed for the above development. This Listing is not necessarily a complete listing. During the SIA process and/or in the review of the construction drawings, if the DRC Chair determines that appurtenant items and/or unforeseen items have not been included in the infrastructure listing, the DRC Chair may include those items in the listing and related financial guarantee. Likewise, if the DRC Chair determines that appurtenant or non-essential items can be deleted from the listing, those items may be deleted as well as the related portions of the financial guarantees. All such revisions require approval by the DRC Chair, the User Department and agent/owner. If such approvals are obtained, these revisions to the listing will be incorporated administratively. In addition, any unforeseen items which arise during construction which are necessary to complete the project and which normally are the Subdivider's responsibility will be required as a condition of project acceptance and close out by the City.

**RE: Preliminary Plat Approval for  
Lots 15 & 16 North Albuquerque Acres, Block 4, Tract 2, Unit 3  
Albuquerque, New Mexico**

Dear Ms. Matson:

Rio Grande Engineering, on behalf of David and Jennifer Soule, requests approval by the Development Review Board of the enclosed Preliminary Plat, Infrastructure list and the previously submitted Grading Plan for the proposed Villa De La Cueva subdivision. The subject property is located on the southwest corner of Alameda and Wyoming. The property is currently zoned RD/ (7 DU's per acre). The proposed creation of 7 lots falls within the guidelines as a Minor Subdivision. The proposed development will take access from Alameda. The proposed interior roadway can be classified as an Access road and Cul-de-sac. We also request deferral of the internal sidewalks as shown on the enclosed sidewalk deferral exhibit.

The property is located within the Developing Urban Area of Albuquerque as identified within the Comprehensive Plan. This development is required to meet the open space per the Residential Developing Criteria; a copy of the open space calculations has been enclosed. The development of this site is consistent with the governing La Cueva Sector Development Plan. The site is adjacent to public water and sewer lines, these lines will be extended into the property with this project. This site will be graded to drain to Alameda. All of the required infrastructure has recently been completed with the CIP Wyoming Boulevard widening project. Minor modifications to the recently constructed median in Alameda will be completed to allow for two 12' vehicle lanes and a 6' bike lane. The drainage management plan is consistent with the governing North Albuquerque Acres Master Drainage Plan. The grading and drainage plan has been separately submitted.

Should you have any questions regarding this submittal, please do not hesitate to call me.

Sincerely,

A handwritten signature in black ink, appearing to read "DS", is written over the typed name.

**RE: Sketch Plat Comments for  
Lots 15 & 16 North Albuquerque Acres, Block 4, Tract 2, Unit 3  
Albuquerque, New Mexico**

Dear Ms. Matson:

Rio Grande Engineering, on behalf of Scaccia, LLC, requests comment by the Development Review Board for the proposed subdivision of Lots 15 & 16, North Albuquerque Acres, Block 4, Tract 2, Unit 3. The subject property is located on the southwest corner of Alameda and Wyoming NE. The property is currently zoned RD/ (7 DU's per acre). The proposed development will take access from Alameda. The proposed interior roadway can be classified as an Access / Cul-de-sac with intermittent parking. Due to the location it is understood this access will not be allowed a left turning movement.

The property is located within the Developing Urban Area of Albuquerque as identified within the Comprehensive Plan. This development is required to meet the open space per the Residential Developing Criteria. The development of this site is consistent with the governing La Cueva Sector Development Plan. The site is adjacent to public water and sewer lines. This site will be graded to drain to Alameda. The drainage management plan will be consistent with the governing North Albuquerque Acres Master Drainage Plan.

Should you have any questions regarding this submittal, please do not hesitate to call me.

Sincerely,

David Soule, PE

RE: Proposed Townhome Development  
Lots 15 and 16, Block 4, Tract 2, Unit 2, NAA

Attached is a Sketch Plat Submittal for a proposed new subdivision. The developer desires to construct the 12-lot townhome subdivision as shown on the attached Site Plan. It is our understanding the zoning will need to change from rd-7 DU/Ac to RT to allow the smaller lots with 0' lot line setbacks (common walls). The site is within the La Cueva Sector Development Plan.

If you have any questions or comments, please call me at 237-8421 or the owner, Mr. Mike Carlisle at 991-1616.
