Date Site Plan for Sub. Approved: \_\_\_\_\_  
Date Preliminary Plat Approved: 10-19-16  
Date Preliminary Plat Expires: 10-19-17  
DRB Project No. 1002962

Following is a summary of PUBLIC/PRIVATE Infrastructure required to be constructed or financially guaranteed for the above development. This Listing is not necessarily a complete listing. During the SIA process and/or in the review of the construction drawings, if the DRG Chair determines that appurtenant items and/or unforeseen items have not been included in the infrastructure listing, the DRG Chair may include those items in the listing and related financial guarantee. Likewise, if the DRG Chair determines that appurtenant or non-essential items can be deleted from the listing, those items may be deleted as well as the related portions of the financial guarantees. All such revisions require approval by the DRG Chair, the User Department and agent/owner. If such approvals are obtained, these revisions to the listing will be incorporated administratively. In addition, any unforeseen items which arise during construction which are necessary to complete the project and which normally are the Subdivider's responsibility will be required as a condition of project acceptance and close out by the City.
