SUBJECT: Project # 1003983, Lot 1 of Richfield Park (Dwight's Glass), 4501 Alameda NE,
Albuquerque, New Mexico

INTERA Incorporated (INTERA), in its role as the Albuquerque Environmental Health Department's (AEHD's) landfill gas contractor, has reviewed the Site Plan for development provided by Mullen Heller Architecture for the above-referenced development proposed in Richfield Park at 4501 Alameda NE. INTERA, in conjunction with the opinions of Ms. Methvin of the AEHD, has determined that the Site Plan for Development meets requirements of the City's *Interim Guidelines* and that the project can proceed with the permit process if all other City requirements are met.

Any changes in the original design of the risk abatement measures (as approved by the AEHD) shall be coordinated with the landfill gas professional engineer and AEHD prior to construction of the change.

Please be advised that AEHD's approval is for the Site Development Plan covering those landfill gas mitigation measures shown on the plan. Additional notes and details regarding requirements for utility slab penetration seals and sealant of cracks/joints in the concrete slab will be required on the plans submitted for Building Permit.

Please note that this approval is for Lot 1 only. The AEHD must be provided with the Site Plan for Development for Lot 2 for review and approval, if and when the lot is developed.

SUBJECT: Approval of Landfill Gas Assessment for Development at 4501 and 4505
Alameda Boulevard – Lots 1 and 2 of Richfield Park Subdivision (Proposed
Dwight's Glass and Mirror), Albuquerque, New Mexico

INTERA Incorporated (INTERA), in its role as the Albuquerque Environmental Health Department (AEHD) landfill gas contractor, has reviewed reports and documents associated with the Landfill Gas Assessment completed for the above referenced development. INTERA has found that the recommendations made by Vinyard & Associates, Inc. (V&A) in their revised report entitled *Landfill Gas Survey, Proposed Office/Warehouse Buildings, 4501 and 4505 Alameda Boulevard, NE, Albuquerque, New Mexico*, dated November 11, 2005, along with the acceptance of these recommendations by Mr. Timothy Weaks (property owner) in a signed letter (dated January 3, 2006) in which Mr. Weaks:

- 1) agrees to implement V&A's recommendations, and
- 2) acknowledges that implementation of V&A's recommendations is a condition of obtaining a building permit

satisfy AEHD's concern that associated potential risk, both present and future, from landfill gases has been addressed.

Because the above issues have been addressed, the AEHD supports approval of the landfill gas recommendations. The development may proceed through the Planning Department process assuming all other Planning Department requirements have been met. **Preliminary building plans have only been provided for Lot 1 of Richfield Park. This approval applies to acceptance of the conceptual mitigation measures only and plan approval by AEHD is still required.**

BEFORE BUILDING PERMITS CAN BE SUBMITTED TO THE BUILDING PERMIT AND PLAN REVIEW SECTION, THE PLANS MUST BE SUBMITTED TO AEHD FOR REVIEW AND APPROVAL. BOTH SETS OF PLANS MUST BE SUBMITTED TO AEHD. A LANDFILL DISCLOSURE STATEMENT AND SIGNATURE BLOCK FOR AEHD SHOULD BE INCLUDED ON BOTH SETS OF PLANS ON THE FIRST SHEET.

Also, in order for a certificate of occupancy to be issued by the City's Planning Department, the AEHD must first receive a stamped certification letter from a New Mexico professional engineer stating that the construction of the project has been completed in compliance with the risk abatement measures as detailed on approved construction plans.

Any changes in the original design of the risk abatement measures (as approved by the AEHD) shall be coordinated with the landfill gas professional engineer and AEHD **prior** to construction of the change.

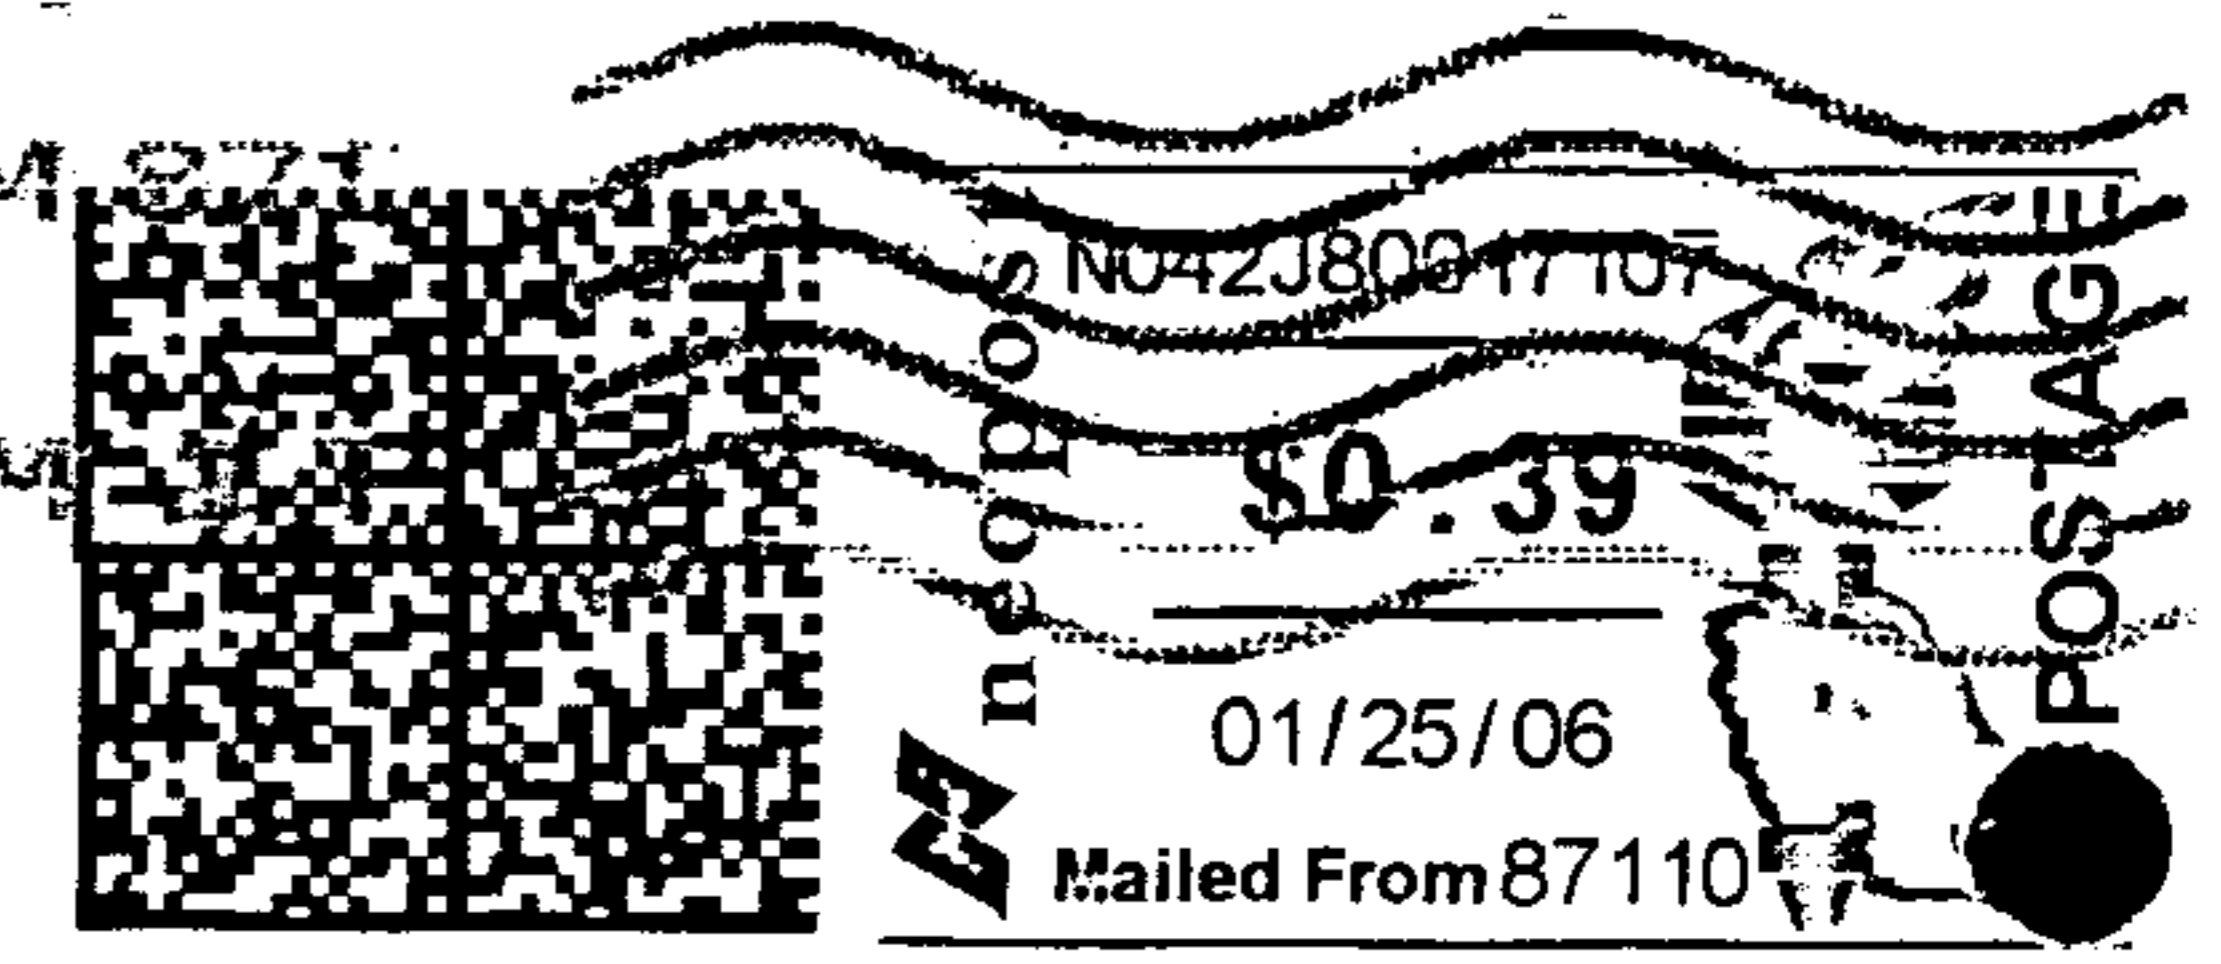

Copies of the landfill certification documentation will be submitted to the City's Environmental Health Department and maintained in their files.

Re: DRB Submittal for the property being Lot 1,
Richfield Park Subdivision
Letter of Request

Dear Ms. Matson:

With this letter we are submitting the project at Lot 1 of Richfield Park Subdivision. The property is 1.10 acres at the northeast corner of Alameda Boulevard and Washington Street NE and is zoned IP. The physical address being: 4501 Alameda NE.

The proposed building for this site is 14,338 square feet of professional office and warehouse spaces, which are permissive uses in an IP zone. The proposed building is in an area that consists of office buildings for professional trades, industrial use and low impact commercial use. The proposed building will house a warehouse along with a showroom and Office use at the entry of the building.

With lots along Alameda Boulevard having shallow parcel depths, we have located the building's warehouse and loading facilities on the north half of the lot and away from view on Alameda. Parking will be located along Washington Street, leaving Alameda with a 15' landscaping buffer as required by the Richfield Park Master Plan. A shared 30' entry driveway will be between Lot 1 and Lot 2 to the east of the proposed development which will be constructed as part of this project. This is a phased project, the adjacent property (Lot 2), will be submitted for DRB approval at a later date.

The exterior of the building has been designed to complement the contemporary look of the other buildings within the Park and the Balloon Fiesta Park. The exterior materials include concrete masonry units (single scored and standard colored cmu), colored metal paneling, stucco and colored aluminum storefront with tinted glazing.

Landscaping and building design for the parcel have been emphasized along the main Alameda frontage. This development along with the future development of Lot 2 to the east will complete this portion of undeveloped lots from Jefferson, west to Washington.

Sincerely,

Mullen Heller Architecture PC
