**Re: Ceja Vista Unit 1A-1E, 2, 3 – (DRB 1004428)
Request approval of 1 year extension of Preliminary Plat**

Dear Mr. Cloud:

The original request for this extension was made for the October 26, 2016 hearing. We have been granted several interim extensions in order to give the Water Authority time to do a water analysis to make sure sizes are adequate for this development.

They have performed their analyses and I met with Chris Cadena on January 6, 2017. I have revised the infrastructure list to reflect to the best of my knowledge the changes he requested. Along with the revised infrastructure list I have attached an overall exhibit to assist in understanding the content of the revised Infrastructure list.

Please contact our office if you have any questions or comments.

Sincerely,
