**Re: Glendesto Subdivision – (DRB 1004472)
Amended Preliminary Plat, Grading and Drainage Plan**

Dear Mr. Cloud,

Attached hereto is the Amended Preliminary Plat and Grading and Drainage Plan for the previously approved Glendesto Subdivision. There are a couple of small improvements to the proposed plans from the original approved plan. The most significant difference is the addition of a gated entrance to the community on Modesto Ave. NE. Additionally, the entrance on Glendale Ave NE has been removed and replaced with a Hammerhead at the end of Lansdown Place NE. The proposed changes lowered the total of available lots from 29 to 27.

The proposed master drainage plan is basically the same.

Should you have any questions or concerns, please don't hesitate to contact myself at travis@goodwinengineers.com or 505-828-2200.

Sincerely,
MARK GOODWIN & ASSOCIATES, PA
