**Re: Glendesto Subdivision – (DRB 1004472)  
Sidewalk Deferral Exhibit and Site Development Plan**

Dear Mr. Cloud,

Attached hereto is the Sidewalk Deferral Exhibit and the Site Development Plan for the previously approved Glendesto Subdivision. As noted in my previous letter dated June 15, 2017, there are a couple of small improvements to the proposed plans from the original approved plan. The most significant difference is the addition of a gated entrance to the community on Modesto Ave. NE. Additionally, the entrance on Glendale Ave NE has been removed and replaced with a Hammerhead at the end of Lansdown Place NE. The proposed changes lowered the total of available lots from 29 to 27.

The proposed master drainage plan is basically the same.

Should you have any questions or concerns, please don't hesitate to contact myself at [travis@goodwinengineers.com](mailto:travis@goodwinengineers.com) or 505-828-2200.

Sincerely,  
MARK GOODWIN & ASSOCIATES, PA
