---

Thank you Erin,  
I think that the site plans are pretty straight forward and we don't need to meet.  
The site plans reflect the EPC conditions provided that you are replatting at DRB.  
You are free to submit on Tuesday.

Good Morning Maggie,

We hope to submit our DRB application for the Vista de La Luz (#1004675) next Tuesday, October 31, 2017. We have updated the plans with signature blocks and today's date.

While we would be happy to meet with you if needed, we hope that this email and attached plans satisfy Condition #2 ("applicant shall meet with staff planner..."). Please let us know if you have any questions or comments.

The link below is a Sharefile link for the Site Plan for Building Permit/Subdivision and the overall Site Plan for Subdivision. This is a new service our office is testing, please let me know if you have any issues. I believe you will create a login but will not need to pay for or download anything. If you have any issues let me know and I will share via dropbox.
