As we discussed this morning, it's OK to use the 30x42 sheets - be sure that you can fold them per the application checklist to fit in an 8 1/2" by 14" pocket.

For the site plan sheets, the site plan checklist calls for 1"=50' scale, but if you can do something larger with the bigger sheets, even 1"=40' please do so.

Jack,

Sorry I didn't get back with you today. I plan to stop by your office at 8am Thursday in case you have time to discuss the 30x42 sheet size request. If not we can set another time, perhaps Friday afternoon.

Thanks,  
Chris
