Re: Sol Vita Subdivision Amended Infrastructure List

Attached is an amended infrastructure list for Sol Vita Subdivision located within zone atlas page C-19. The amendment is to change the required pavement width of the cul de sac. The preliminary plat indicates "P1" lots. However, the pavement width was not modified accordingly.

The subdivision is a replat of "FIRE STATION SITE NO #19 Block 5 Unit 3 Tract 2 of North Albuquerque Acres" and is located at the intersection of Louisiana Boulevard and Signal Avenue. The plat would create eight lots from the existing site.

As agent for the owners, we are requesting preliminary plat approval of the proposed subdivision. Please contact me at 410-1622 or via email if you have any questions or comments.

Sincerely,

Ron E. Hensley P.E.
