**RECOMMENDATIONS:**

The 60 acres falls within the boundary of LA 103036, a WWII bombing range, that has been determined eligible for nomination to the NRHP under Criteria A and D. I recommend that this 60 acre parcel of this extensive archaeological site be revisited to assess whether the parcel falls on or near one of the two targets identified on this site and what the nature and extent of any remains are on this parcel. It may be that this part of the site does not contribute to NRHP eligibility.
