

**PNM Comments  
Development Review Board  
Public Meeting to be Held on January 13, 2021**

**PNM comments for Approval for DRB # PR-2018-001579 (SI-2020-001477) Site Plan  
(7500 Indian School Rd NE)**

1. It is the applicant's obligation to determine if existing utility easements or rights-of-way are located on or adjacent to the property and to abide by any conditions or terms of those easements.
2. As the development moves forward, the applicant needs to contact the PNM New Service Delivery Department to coordinate electric service regarding this project. Please submit a service application at [www.pnm.com/erequest](http://www.pnm.com/erequest) for PNM to review.
3. Ground-mounted equipment screening will be designed to allow for access to utility facilities. All screening and vegetation surrounding ground-mounted transformers and utility pads are to allow 10 feet of clearance in front of the equipment door and 5-6 feet of clearance on the remaining three sides for safe operation, maintenance and repair purposes. Refer to the PNM Electric Service Guide at [www.pnm.com](http://www.pnm.com) for specifications.
4. There is an existing underground distribution line immediately adjacent on the project's west side. If existing electric lines need to be moved, then that is at the developer's expense. Please contact PNM at [www.pnm.com/erequest](http://www.pnm.com/erequest) for PNM to review.
