**RE: REQUEST FOR WAIVER OF 14 FEET TO REQUIRED 60 FEET WIDTH FOR RIGHT-OF-WAY ON BAZAN  
COURT  
PROPOSED LOTS 9-A & 10-A, BLOCK W, ATLANTIC & PACIFIC ADDITION  
PR 2021-002058**

Ms. Wolfenbarger:

I would like to request a waiver to the DPM for the above mentioned (width of right-of-way) in the effort to complete the platting action on the proposed lot consolidation.

The existing right-of-way is currently at forty-six (46) feet which falls fourteen (14) feet under the required sixty (60) feet. The waiver request is for fourteen (14) foot.

The Barelás Homes Subdivision, platted in 1995 created twelve (12) lots with City partnership and Youth Development Incorporated to add to the inventory of affordable housing. Bazan Court, which serves as the access to the subdivision granted to the City of Albuquerque the existing forty-six (46) foot wide right-of-way as part of the platting action. Although not meeting current City standards, the existing right-of-way has functioned effectively and consistently in this area at forty-six (46) feet as it transitions both north towards 5<sup>th</sup> Street and other residential development.

Subject to IDO 14-16-6-6(P)(3) Review and Decision Criteria for Waivers to the DRB

The existing four-six (46) foot wide right-of-way was originally platted 1995. It was dedicated and accepted by the City as part of the established process for subdivision review and approval.

- The installation of the extra fourteen (14) feet will not contribute to the public welfare in that the existing right-of-way width as originally platted, functions effectively serving all affected lots. The right-of-way is well defined without gaps and continues at the same width as it transitions towards other residential development in the neighborhood establishing flow and continuity.
- Established neighborhood character of both the subject and adjacent properties are supported through the existing right-of-way width,
- Public safety, health or welfare is supported in that the right-of-way width is consistent throughout the subdivision,
- Existing width has not caused significant material adverse impacts on surrounding properties in that the existing forty-six (46) feet has functioned effectively for over 25 years,

- Approval of the waiver will not hinder future public improvements in that the applicant has received curb cut approval providing access to Bazan Court,
- Maintaining the existing right-of-way at its current width does not conflict with the goals and provisions of the City, in that completion of the lot consolidation encourages infill and redevelopment of the subject property,
- The right-of-way at its current width will not materially undermine the intent and purpose of the IDO or the applicable zoning district in that existing development is permissive and encouraged in the underlying zone,
- The waiver will not affect required development standards of the underlying zone as it encourages reinvestment and redevelopment opportunities,
- The approved waiver is the minimum necessary as not to disrupt the existing function and flow of residents dependent on Bazan Court as part of reaffirming consistency in width of the right-of-way.

Although not meeting current City standards, the overall outcome will allow for the completion of the proposed lot consolidation.

Thank you for consideration of this request.

Sincerely,

Derrick Archuleta, MCRP  
Principal

RE: REQUEST FOR WAIVER TO WIDTH OF SIDEWALK/  
BAZAN COURT & ATLANTIC AVENUE  
REQUEST FOR WAIVER TO RIGHT-OF-WAY WIDTH REQUIREMENTS/BAZAN  
COURT  
LOTS 8 (west 20 feet), 9 & 10, BLOCK W, ATLANTIC & PACIFIC ADDITION  
PR 2021-002058

To representatives of the Barelás Neighborhood Association:

This email is to inform yourselves and members of your association that an application has been submitted to the City of Albuquerque's Development Review Board (DRB) for consideration of three waivers:

- 1) a sidewalk width waiver of five (5) feet to the required five (5) foot sidewalk width along Bazan Court. There is no sidewalk on Bazan Court.
- 2) a sidewalk waiver of one (1) foot to the required five (5) foot sidewalk width along Atlantic Avenue. There are existing four (4) foot sidewalks on Atlantic Avenue.
- 3) a right-of-way width waiver of fourteen (14) feet to the required sixty (60) feet of right-of-way. Bazan Court was platted with a forty-six (46) foot right-of-way.

The property owner at 510 Atlantic Avenue is proposing a lot consolidation (3 to 2 lots) for existing Lots 8 (west 20 feet), 9 & 10, Block W, Atlantic and Pacific Addition.

The request reflects a realignment of existing north-south lot lines to an east-west lot line to eliminate the existing lots from bisecting the single family residence on the property. Adjusting the lot line direction as part of consolidation will eliminate redevelopment intentions.

Proposed Lot 9-A currently developed with a single family residence with access from Atlantic Avenue. Proposed lot 10-A (currently vacant), will get access from Bazan Court.

The properties are located between 5th Street and Barelás Road.

At the December 16, 2020 Sketch plat meeting before the DRB it was determined that the lack of sidewalk along both Atlantic Avenue and Bazan Court did not achieve the required five (5) foot width. In addition, Bazan Court did not meet minimum right-of-way requirements.

As a result, a waiver for each of the three issues is required from the Development Process Manual (DPM) and needs to be considered and approved by the Development Review Board (DRB) prior to approval of the Preliminary Final Plat for both existing sidewalks on Atlantic Avenue and Bazan Court, including the existing right-of-way width also for Bazan Court.

As per the Integrated Development Ordinance (IDO), any waiver actions to the DRB require the applicant to offer a meeting to further discuss the request with affected neighborhood associations.

This email serves as the official offer to meet with you to provide additional information.

As per the Ordinance, you must respond within 15 consecutive days to: 1) request a meeting; 2) decline the meeting; or 3) support the request for approval.

Attached for your review are the following:

- Zone Atlas page K-14 (location of the property)
- Proposed lot consolidation
- Exhibit illustrating lack of sidewalk and platted right-of-way width on Bazan Court.
- Sidewalk exhibit illustrating the existing four (4) foot sidewalk on Atlantic Avenue

In our efforts to complete the platting action and reflect compliance with the IDO requirements for waiver actions to the DRB, it would be greatly appreciated for a response at your **earliest convenience**.

In order for us to proceed we are required to have a response from the affected neighborhood association to the above listed options.

Please contact me with any questions or concerns.

Thank you for your time and attention.

Sincerely,

Good afternoon representatives of the Bareleas Neighborhood Association:

This email is to inform yourselves and members of your association that an application has been submitted to the City of Albuquerque's Development Review Board (DRB) for consideration of three waivers:

- 1) a sidewalk width waiver of five (5) feet to the required five (5) foot sidewalk width along Bazan Court. There is no sidewalk on Bazan Court.
- 2) a sidewalk waiver of one (1) foot to the required five (5) foot sidewalk width along Atlantic Avenue. There are existing four (4) foot sidewalks on Atlantic Avenue.
- 3) a right-of-way width waiver of fourteen (14) feet to the required sixty (60) feet of right-of-way. Bazan Court was platted with a forty-six (46) foot right-of-way.

The property owner at 510 Atlantic Avenue is proposing a lot consolidation (3 to 2 lots) for existing Lots 8 (west 20 feet), 9 & 10, Block W, Atlantic and Pacific Addition.

The request reflects a realignment of existing north-south lot lines to an east-west lot line to eliminate the existing lots from bisecting the single family residence on the property. Adjusting the lot line direction as part of consolidation will eliminate redevelopment intentions.

Proposed Lot 9-A currently developed with a single family residence with access from Atlantic Avenue. Proposed lot 10-A (currently vacant), will get access from Bazan Court.

The properties are located between 5th Street and Barelas Road.

At the December 16, 2020 Sketch plat meeting before the DRB it was determined that the lack of sidewalk along both Atlantic Avenue and Bazan Court did not achieve the required five (5) foot width. In addition, Bazan Court did not meet minimum right-of-way requirements.

As a result, a waiver for each of the three issues is required from the Development Process Manual (DPM) and needs to be considered and approved by the Development Review Board (DRB) prior to approval of the Preliminary Final Plat for both existing sidewalks on Atlantic Avenue and Bazan Court, including the existing right-of-way width also for Bazan Court.

As per the Integrated Development Ordinance (IDO), any waiver actions to the DRB require the

applicant to offer a meeting to further discuss the request with affected neighborhood associations.

This email serves as the official offer to meet with you to provide additional information.

As per the Ordinance, you must respond within 15 consecutive days to: 1) request a meeting; 2) decline the meeting; or 3) support the request for approval.

Attached for your review are the following:

- Zone Atlas page K-14 (location of the property)
- Proposed lot consolidation
- Exhibit illustrating lack of sidewalk and platted right-of-way width on Bazan Court.
- Sidewalk exhibit illustrating the existing four (4) foot sidewalk on Atlantic Avenue

In our efforts to complete the platting action and reflect compliance with the IDO requirements for waiver actions to the DRB, it would be greatly appreciated for a response at your **earliest convenience**.

In order for us to proceed we are required to have a response from the affected neighborhood association to the above listed options.  
Please contact me with any questions or concerns.

Thank you for your time and attention.

Sincerely,  
Derrick Archuleta
