**Aspire Subdivision, Unit 4**

**PROPOSED NAME OF PLAT AND/OR SITE DEVELOPMENT PLAN**

**Tract A-1-A and B-1, Anderson Heights, Unit 4**

**EXISTING LEGAL DESCRIPTION PRIOR TO PLATTING ACTION**

Following is a summary of PUBLIC/PRIVATE Infrastructure required to be constructed or financially guaranteed for the above development. This Listing is not necessarily a complete listing. During the SIA process and/or in the review of the construction drawings, if the DRC Chair determines that appurtenant items and/or unforeseen items have not been included in the infrastructure listing, the DRC Chair may include those items in the listing and related financial guarantee. Likewise, if the DRC Chair determines that appurtenant or non-essential items can be deleted from the listing, those items may be deleted as well as the related portions of the financial guarantees. All such revisions require approval by the DRC Chair, the User Department and agent/owner. If such approvals are obtained, these revisions to the listing will be incorporated administratively. In addition, any unforeseen items which arise during construction which are necessary to complete the project and which normally are the Subdivider's responsibility will be required as a condition of project acceptance and close out by the City.

Financially Guaranteed DRC #	Constructed Under DRC #	Size	Type of Improvement	Location	From	To	Construction Certification		
							Private		City Cnst Engineer

**NOTES**

If the site is located in a floodplain, then the financial guarantee will not be released until the LOMR is approved by FEMA.  
 Street lights per City requirements.

- 1    \* Sidewalks to be deferred.
- 2    Water infrastructure includes valves, fittings, fire hydrants and appurtenances
- 3    Sanitary sewer infrastructure includes manholes and service connections
- 4    Storm drain includes manholes, inlets and connector pipes.
- 5    Grading and drainage certification required for release of IIA and financial guarantee
- 6    \*\* Street lights shall include light poles, foundations, transformers, pull boxes, conduits and wiring.  
Actual number of street lights shall be determined at DRC based on final design.
- 7    \*\*\* Infrastructure list may need to be amended depending on infrastructure requirements from other agencies.
