SI-2019-00085 SITE PLAN – DRB

1. This is a request for a 82,857 square foot office/warehouse building.
2. Pursuant to 6-6(G)(3) Review and Decision Criteria. An application for a Site Plan – DRB shall be approved if it meets all of the following criteria:
 - a. 6-6(G)(3)(a) The Site Plan complies with all applicable provisions of this IDO, the DPM, other adopted City regulations. *Specifically, the height, parking, landscaping and façade, meet the IDO requirements.*
 - b. 6-6(G)(3)(b) The City's existing infrastructure and public improvements, including but not limited to its street, trail, drainage, and sidewalk systems, have adequate capacity to serve the proposed development. *The site has access to a full range of*

1. This Site Plan is valid 5 years from DRB approval (10-2-2019). An extension may be requested prior to the expiration date. The IDO only allows one extension.
2. Final sign off is delegated to Planning and Hydrology to check for the configuration of the sidewalk culverts.
3. Once the site plan has all the required signatures, a pdf of the complete signed off set shall then be emailed to the PLNDRS.
