Attachments: Tuscany Village, Unit II Re-submit (AMAFCA Signed).pdf

Good Morning Veronica,

AMAFCA does not have any adverse comments on the revised plat, and the proposed AMAFCA easement is consistent with the previously approved G&D. Please see the attached signed plat as such.

Best,
Jared

Subject: RE: Tuscany Village Unit II - Infrastructure List - AMAFCA Response

Good morning Jared,

You may recall we discussed amending the plat for Tuscany Village, Unit II some time ago. The amended plat, first attached, has minor changes to lot size and will retain the AMAFCA access easement that was newly granted and vacate the prior easement as previously approved. I have attached the original approved plat for comparison.

Please let me know if you have any questions, if not please sign and return after your review.
