NMCRIS records show that the area was previously surveyed (NMCRIS 19838) and that archaeological site LA 56102 may be located at the eastern edge of the proposed development. Sites may not have been plotted accurately in 1986. The area was resurveyed (NMCRIS 148107) and that site is located outside the development area. Therefore: CERTIFICATE OF NO EFFECT ISSUED-under 6-5(A) (3)(a) criterion 1 "an archaeological investigation has been conducted..."
