Thank you so much.

Yes for projects where a Sign Posting is required it does need to be submitted including signatures and dates with the original file. If you end up needing a copy we're happy to send.

Thank you,

Robert

Hi Robert,

In regards to the Sign Posting Agreement, in the past year with submissions, I've received this document via email from Planning after I've submitted. Is this no longer the process? I just found the form online and I will put that together with the rest of the document now and send to you.

Thanks,
Kate

Good morning Kate.

In the file it appears that the Sign Posting agreement is missing. There was a section for it, but the document wasn't there. Please resubmit the file with that document included and it should then be ready for processing.

Thank you,

Robert
