**Re: Request for Determination on the Landscape Buffer, DRB Project # 2021-005296
Preliminary/Final Plat for Tracts 2-A-1 AND 2-A-2, MUELLER INDUSTRIAL
SUBDIVISION, Containing 5.2438 Acres, Zone Atlas Page H-15-Z**

Dear Mr. Armijo:

SBS Construction and Engineering, LLC, is requesting a determination on the landscaping buffer for the above referenced project per IDO section 6-6-P and DPM Part 2-9. This site was developed in 2015. As part of the building permit, a 6' wide sidewalk and a landscaping buffer of +/- 3.50' behind the curb was built. There are permanent fencing with block columns along sidewalk o Candelaria. Also, there are existing landscaping on the south side of the fence (inside property line) that would be difficult and costly to relocate. This site is the only site along that stretch has a landscaping buffer against the curb. The rest of the properties have sidewalk against the curb.

If you require additional information regarding this project, please do not hesitate to contact me at (505) 804-5013.

Sincerely,

Shawn Biazar
