Subject: ROW Vacation City Council Packet and City Council Memo for PR-2021-005984
Date: Tuesday, May 24, 2022 11:19:00 AM

Good afternoon Alfredo,

The following link is to the ROW Vacation City Council Packet and City Council memo for PR-2021-005984, recommended for approval by the DRB on May 11, 2021. Because there's over 5,000 square feet of street right-of-way vacation proposed in the application, the DRB was a recommending body and the ROW Vacation must be placed on a City Council meeting agenda and be approved by the City Council.
