---

Laurie,

Good morning! I hope this message finds you in great health and spirits. I hope you are doing well. I wanted to connect regarding Jay Rembe's "the Pearl" mixed-use project at Central and 16<sup>th</sup> Street. Last time we discussed this proposed case, I believe you mentioned that you made yourself an alert to give me a heads up once a Budling Permit application for the project is submitted.

Can you please also alert Jay Rodenbeck, Robert Webb, and Michael Vos? This will ensure more than one staff member is aware of the submittal and will allow us to notify surrounding neighbors of the submittal in a timely manner.

Much Thanks!

JMA
