

## DEVELOPMENT FACILITATION TEAM (DFT) APPLICATIONS

Effective 12/15/2022

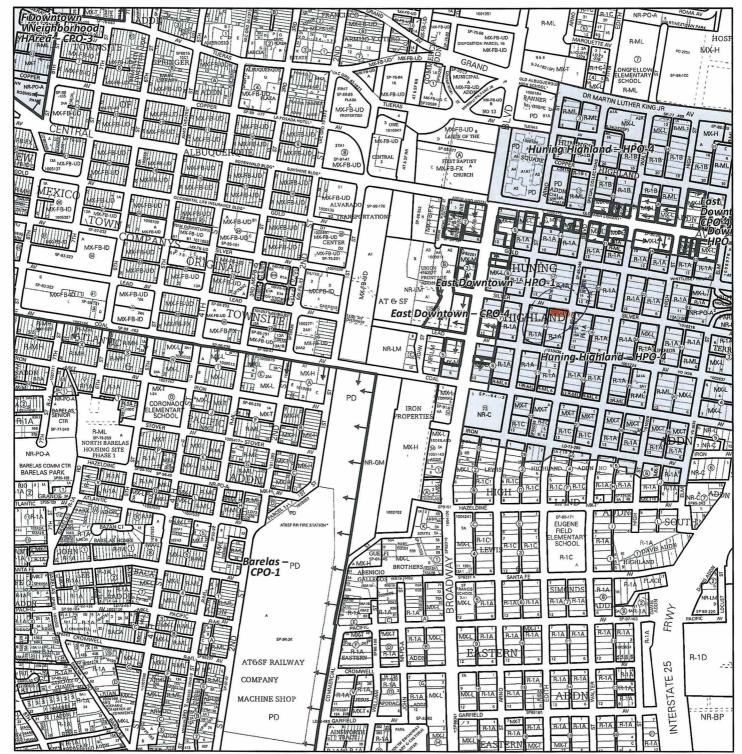

MISCELLANEOUS APPLICATIONS		☐ Extension of Infrastructure List or IIA (Form S3)	
☐ Site Plan Administrative DFT (Forms P & P2)		PRE-APPLICATIONS	
☐ Final EPC Sign-off for Master Development/Site Plans - EPC (Form P2)		■ Sketch Plat Review and Comment (Form S3)	
☐ Amendment to Infrastructure List (Form S3)		☐ Sketch Plan Review and Comment (Form S3)	
☐ Temporary Deferral of S/W (Form S3)		APPEAL	
□ Extension of IIA: Temp. Def. of S/W (Form S3)		☐ Administrative Decision (Form A)

**RE: Development Facilitation Team (DFT)** 

The subject property is a corner lot with two existing addresses, 301 Edith and 416 Silver. These two homes currently function independently of each other with their own parking, storage, addresses, and utilities. Our goal is to subdivide to create housing and home ownership for two families, this would require little to no improvements to the property.

We have included two subdivision options (Plan A and Plan B) on our site sketch. Site sketch plan A is our preference due to the fact that each house is left with appropriate parking and a garage for the house size. In this plan the property at 301 Edith would have a lot size of approximately 4700sqft and would have two parking spaces and a garage which is appropriate for this 2800sqft home. The property at 416 Silver, an 880sqft home, would have a lot size of approximately 2200sqft, however it meets the guidelines in that the property frontage would be approximately 43ft which is greater than the 25ft requirement. It would also have one parking spot on the west side of the home as well as a garage.

Site sketch plan B which is much closer to meeting IDO dimensional standards, in this plan 301 Edith lot size would be 3500sqft. The property at 416 Silver would be 3400sqft. Which would come within 100sqft of meeting dimensions standards.

The Bernalillo County parcel IDO shows the lot to be .1584 acre which is 6900sqft. These numbers do not match measurements taken from the city lot line. In measurements on site actually indicate that the property is approximately 143sqft x 51sqft which is slightly over the square feet needed to create the two 3500sqft lots.

Although theses lots would deviate from your 3500sqft lot size by 100sqft max, we feel that there is reasonable president on our block and adjacent blocks.

Examples -

323 Edith Blvd SE and 413 Lead Ave SE which are on the same block and also a corner lot has been subdivided

412 Silver Ave SE and 300 Arno, adjacent

224 Edith and 509 Silver Ave se (.0585 Acre), across the intersection from subject property.
