Hello. At the April 30 th meeting, you indicated you would email to me the Powerpoint presentation. Please send that to me.

1. Additionally, will the development be low income, rented or sold?
2. Is the City of Albuquerque giving financial incentives to the the owner/ developer to build?
3. I request a traffic impact study. If you count 2 cars, possibly more, for each unit, that is over 110 cars trying to get out of the neighborhood/ onto the freeway at peak hours. That alone warrants a traffic impact study.

I will wait to hear from you.
