Hello Will,

Thank you for the follow-up. From the installation's perspective, please make sure the lighting is shielded and focused downward. Glare and lighting are concerns due to the types of missions conducted on the base.

Best regards,

Janet,

We are waiting on a response from you for our approval. This is just for one additional warehouse-like building about 50,000 s.f. in size that will be part of the overall studio expansion, approximately two miles west of the KAFB boundary. Please feel free to reach out, either via phone or email. 505-228-1493.

Thanks,
Will

Janet,

Please see attached letter and associated exhibits related to a new Production Support building proposed for Albuquerque Studios just east of University Blvd. at Mesa del Sol. Feel free to call with any questions – cell is best – 505-228-1493.

Thanks,
Will
