A. Executive Summary

On behalf of SimonCRE, I am submitting this Letter of Explanation as part of the Sketch Plat application for the commercial development project located at **3731 Ellison Rd NW, Albuquerque, NM 87114**, within **Cottonwood Corners**. The purpose of this letter is to outline the proposed changes to the property and provide details on the adjustments needed before moving forward with the replat and permit applications.

B. Mountable Median at Entrance Near Ellison Dr.

The proposed change involves the **entrance configuration near Ellison Dr.** The current curb design has presented challenges for delivery vehicles, specifically **WB-67 trucks** (tractor with a sleeper cab and 53' trailer), which have consistently run over the curb due to insufficient turning radius. This has resulted in ongoing damage to the curb and disrupted traffic flow.

In collaboration with the **City's Traffic and Transportation Department**, we have agreed that the best solution is to convert the **west side of the entrance into a mountable curb**. This will allow larger vehicles, such as delivery trucks, to exit onto Ellison Dr. more smoothly, while reducing curb damage and improving overall traffic safety. The mountable curb will also ensure compliance with city regulations while addressing the practical concerns of vehicle maneuverability at the site.

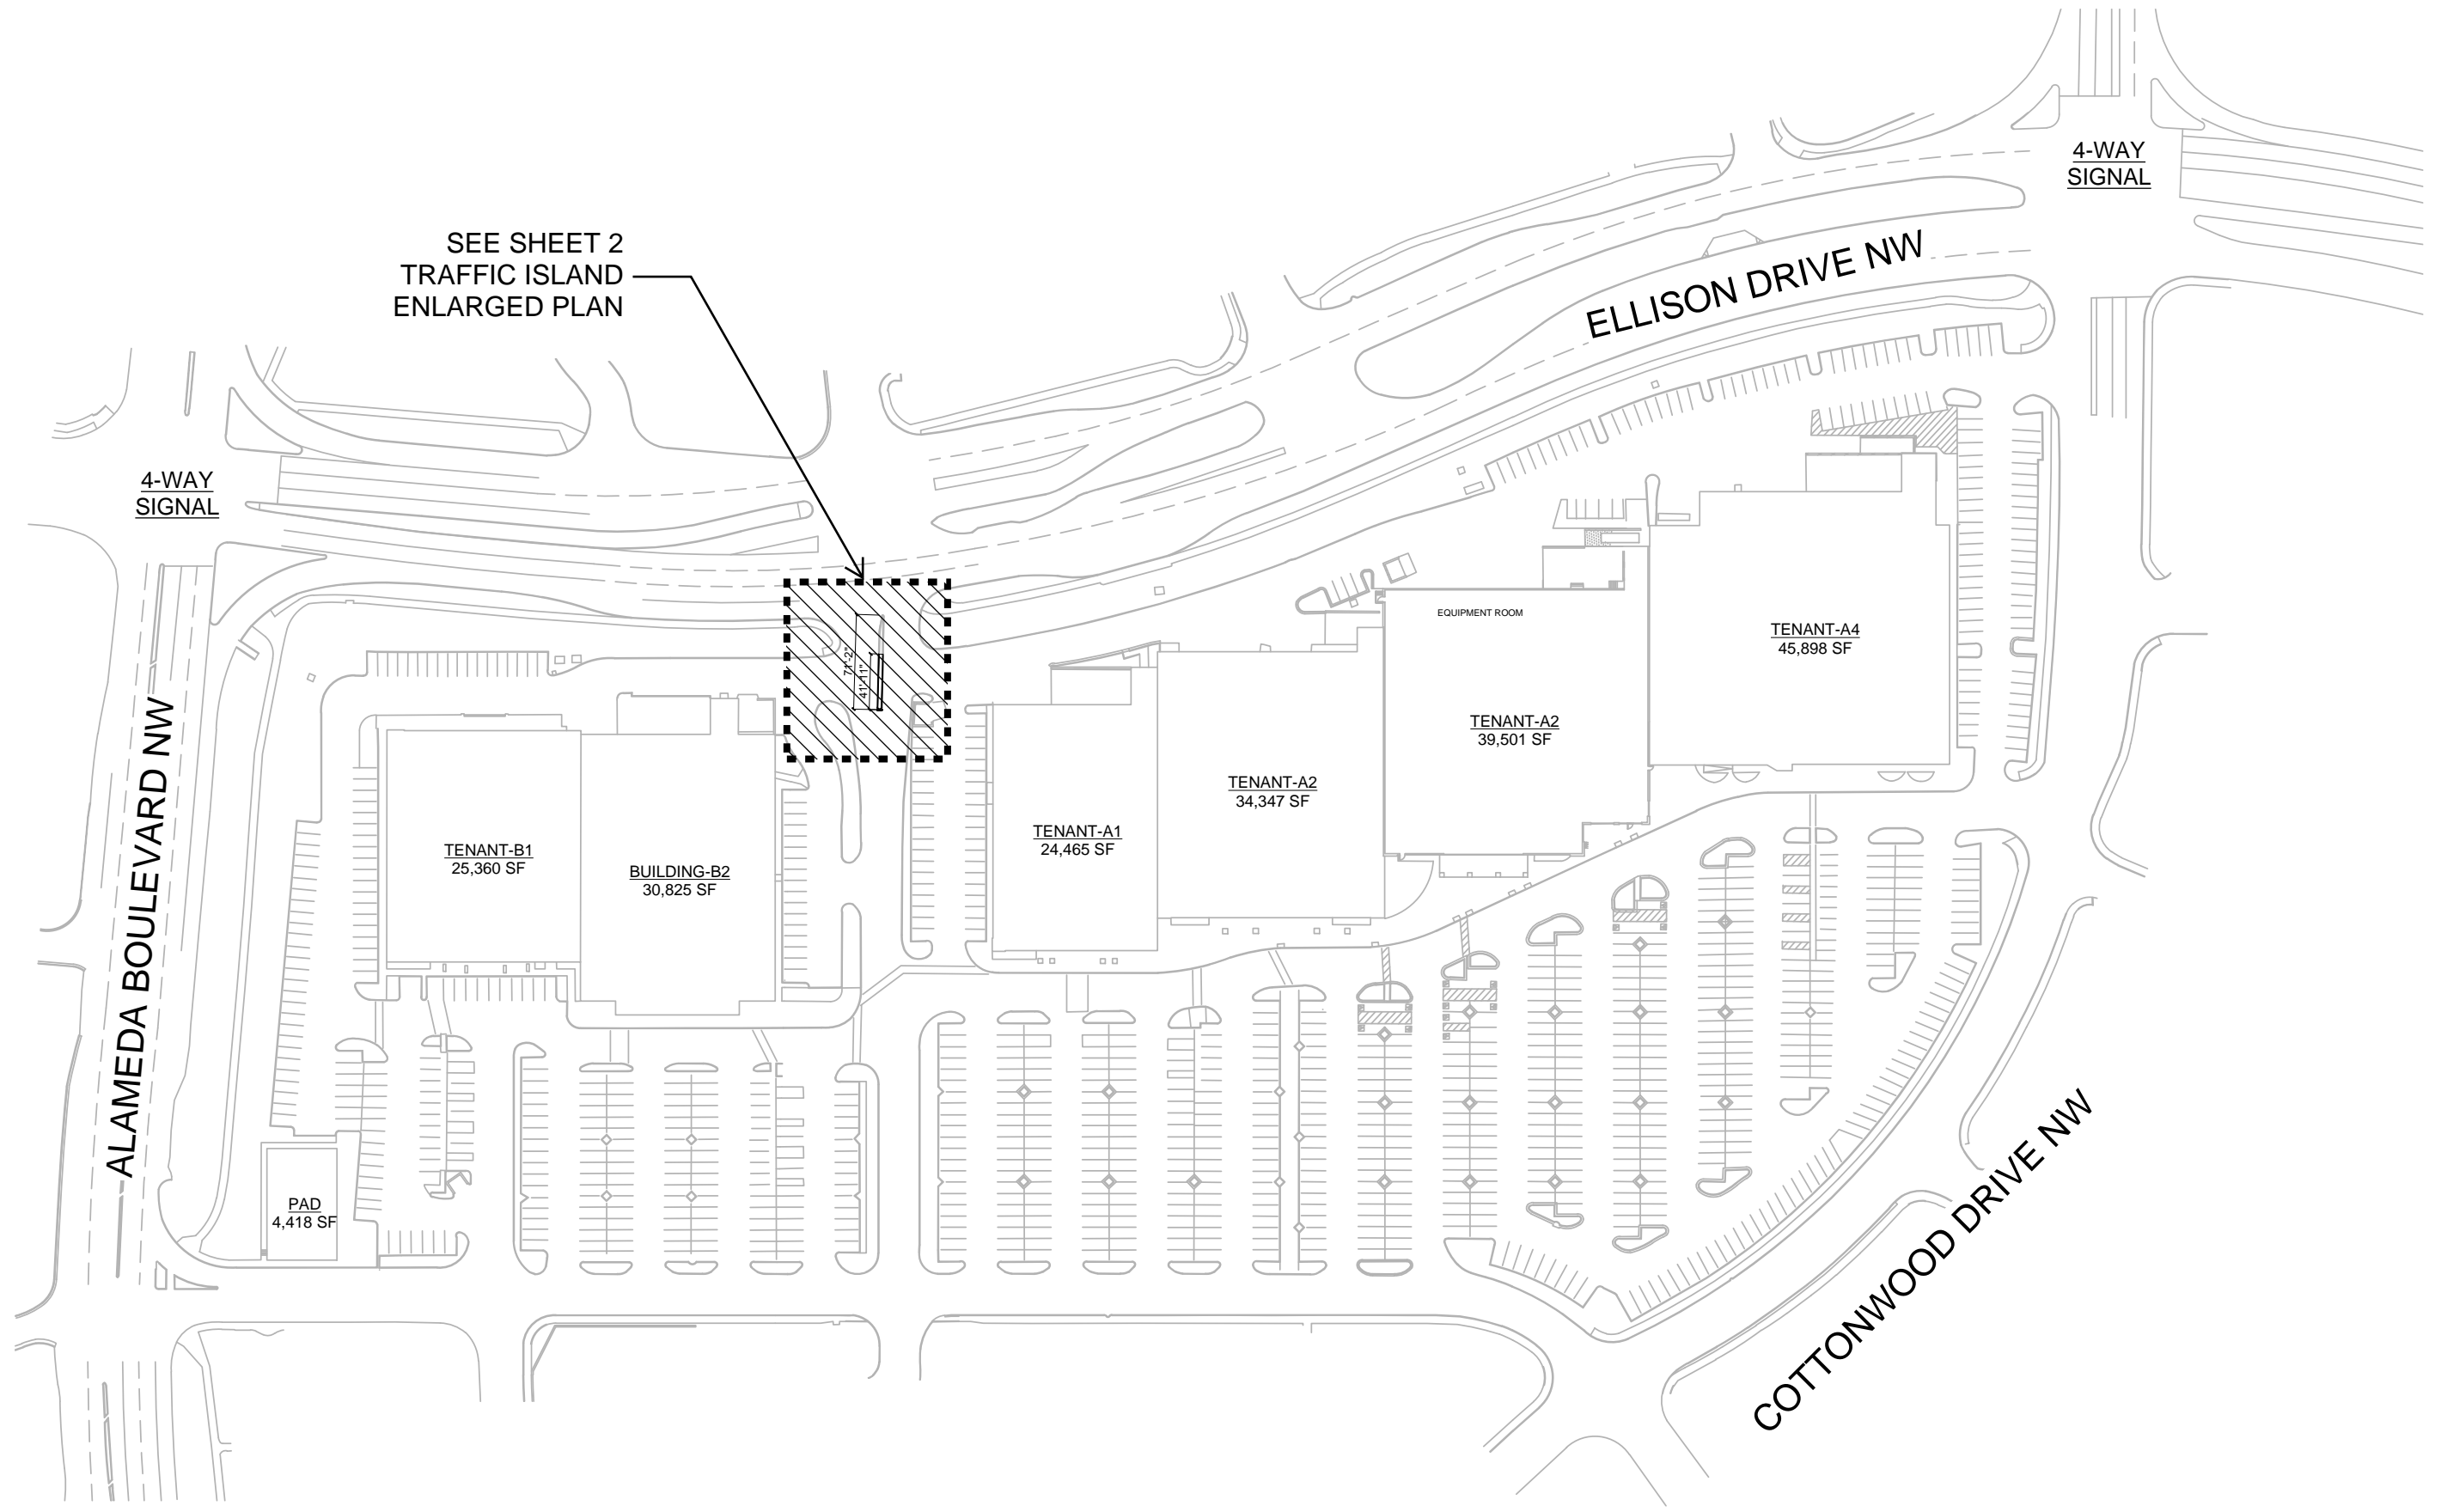

Please do not hesitate to contact me at 480-566-8955 if further information or clarification is required. We appreciate your consideration and look forward to working together to ensure the success of this development.
