

Hello,

We are submitting the attached documents for review to determine if our site plan and initial design for a Vehicle Storage Lot, located at 3731 NM 528 NW, are acceptable to the City of Albuquerque prior to us moving forward with the rest of the Civil sheets.

The purpose of the Vehicle Storage Lot is for Chalmers Ford to store Fleet Vehicles after they have been delivered and prior to their distribution to the purchaser.

There will be no public access to the Vehicle Storage Lot and it will only be accessed by Chalmers Ford employees and during normal business hours.

Thank you.
