Requests for approvals of Site Development Plans and/or Subdivision Plats shall be accompanied by a drainage submittal. The particular nature, location, and scope to the proposed development defines the degree of drainage detail. One or more of the following levels of submittal may be required based on the following:

1. **Conceptual Grading and Drainage Plan:** Required for approval of Site Development Plans greater than five (5) acres and Sector Plans.
2. **Drainage Plans:** Required for building permits, grading permits, paving permits and site plans less than five (5) acres.
3. **Drainage Report:** Required for subdivision containing more than ten (10) lots or constituting five (5) acres or more.

RE: Lovelace Westside Hospital Drainage Statement
Albuquerque, NM

Dear Mr. Bingham:

I, James H. Littlejohn, NMPE 14788, of the firm Littlejohn Engineering Associates, hereby state that to the best of my knowledge and belief, this project has been graded and will drain in compliance with and in accordance with the design intent of the approved plan dated August 16th, 2010. The record information edited onto the original design document has been obtained by Stephen E. Walker, NMPS 6401, of the firm Walker Surveying Company, on January 24th, 2011. This statement is submitted in support of a request for Lovelace Westside Hospital.

The record information presented hereon is not necessarily complete and intended only to verify substantial compliance of the grading and drainage aspects of this project. Those relying on this record document are advised to obtain independent verification of its accuracy before using it for any other purpose.

Sincerely,

LITTLEJOHN ENGINEERING ASSOCIATES, INC.
