Curtis,

Looks better..look out for the 6 1/2 feet of clearance and make sure there will be minimal issues with maintenance in this area.

Wilfred,

This is Tierra West's latest.

I would like to approve. We can get more details for slope protection on the Work Order. They are also going to gravel or similar between the walls. I'll forward the plan view showing the access road.

They are coming to DRB on this Wednesday

Curtis
