Re: Amestoy Drywall Office Drainage Report
Engineer's Stamp dated 11-5-04 (B13/D1A)

Dear Mr. Goodwin,

Based upon the information provided in your submittal dated 11-8-04, the above referenced report is approved for Building Permit. Please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology.

Also, prior to Certificate of Occupancy release, Engineer Certification of the grading plan per the DPM checklist will be required.

If you have any questions, you can contact me at 924-3986.

Re: Drainage Report for Amestoy Drywall Office, ZAP B-13
Engineer's Stamp Dated August 18, 2004

Dear Mr. Goodwin:

AMAFCA has reviewed the referenced grading plan and the letter from Brad Bingham dated September 17. Minor grading within the prudent line will be allowed. The grading will not adversely affect the integrity of the Calabacillas Arroyo slope since the slope has been stabilized with riprap. Please add a note to the plans that the disturbed slope area will be reseeded.

If you have any questions, please call me at 884-2215.

Sincerely,
AMAFCA
