**RE: ENGINEER'S CERTIFICATION FOR TRAILS WEST SUBDIVISION (B-13/D6C)  
RECEIVED DECEMBER 18, 1995 FOR FINANCIAL GUARANTY RELEASE  
ENGINEER'S STAMP DATED 12/14/95**

**Dear Mr. Goodwin:**

**Based on the information included in the submittal referenced above, City Hydrology has the following comments that must be addressed:**

**City Hydrology requires as-built elevations for every pad or FF. As-built elevations are also required at every other corner of each lot. Top of curb elevations may be used on the street side of the lot. This is the minimum as-built elevation requirement.**

**If You have any questions about this project, You may contact me at 768-2727.**

**Sincerely,**

  
**John P. Curtin, P.E.  
Civil Engineer/Hydrology**
