RE: REVISED CONCEPTUAL DRAINAGE PLAN FOR THE COTTONWOOD MALL
(B-14/D4) REVISION DATED JUNE 7, 1990

Dear Mr. Davis:

Based on the information provided on your resubmittal of June 19, 1990, the referenced drainage plan is approved for Site Development and Sector Plan.

Please be advised that a more detailed drainage plan will be required for review prior to building permit release. Some of the items required will be:

1. Finish floor elevation to full mean sea level.
2. Top of curb and flow line elevation on all existing perimeter streets.
3. Approved street grades for Seven Bar Loop Road.
4. Hydraulics on all the inlets and pipes.
5. And all other applicable items from the D.P.M. checklist.

If I can be of further assistance, please feel free to call me at 768-2650.

Cordially,

for Bernie J. Montoya
