**Re: Desert Ridge Trails Unit 111
Erosion Sediment Control Plan
Engineer's Stamp Date 12-30-15 (B19E028)**

Dear Mr. Goodwin,

Based upon the information provided in your submittal received 1-14-16 the above referenced plan is approved for Rough Grading Permit and ESC Permit for within the site boundaries once Hydrology approves the grading plan.

When the site proceeds further in the development process (Work Order, Building Permit) another plan is to be submitted that addresses the work to be performed.

If you have any questions, you can contact me at 924-3420.
