Improvements must be in compliance with the County Flood Plain Ordinance 83-46. The Flood plain elevation is 4991. The required finish floor elevation shall be

Certified by this Flood Plain Inspection.

Date

I hereby acknowledge that I have read this application and stated that the above is correct. I agree to comply with the requirements of the BERNALILLO COUNTY UNIFORM BUILDING CODE. I waive my right to require the inspector to possess a search warrant before he enters the premises to inspect the building covered by this permit, however, I waive this right only on the following conditions: The inspector must be approved by the General Construction Board, the inspection must be made at reasonable times for the purpose of determining whether the work or building or structure or premises complies with the BERNALILLO COUNTY UNIFORM BUILDING CODE. I understand that the issuance of this permit shall not prevent BERNALILLO COUNTY from requiring compliance with the provisions of the BERNALILLO COUNTY BUILDING CODE. Date 5/28/91

I propose property improvement or use as noted above and agree to comply with the requirements of the County Zoning Ordinance. I understand the granting of a permit does not abrogate or annul any private restrictions. I certify that the attached plan is complete and correct.

Date

We hereby waive any requirement that BERNALILLO COUNTY must check construction plans in connection herewith in its office. We realize that the designated agent (building inspector) for BERNALILLO COUNTY may check any construction, or plans during construction at the job site to determine compliance with the provisions of the BERNALILLO COUNTY UNIFORM BUILDING CODE.

Date

IF APPROVED, CONSTRUCTION MUST BE STARTED WITHIN SIX MONTHS FROM DATE OF APPROVAL, AND NOT CEASE FOR A PERIOD OF OVER 180 DAYS OR THIS BUILDING PERMIT WILL BE CANCELLED.

Dear Applicant:

Bernalillo County Public Works Department will require two weeks for review and comment of submittal/resubmittal, and one week for final review and plat sign-off.

The issuance of a permit or a review or approval of plan, specifications, computations, and shop drawings shall not be interpreted to be a permit for or an approval of any violation of any of the provisions of any County or State codes, ordinances, standards, or policies.
