**RE: Final Revised Hydraulic Analysis Addendum to the Amendment to the Trails DMP
Trails Units 1, 2, and 3**

Dear Mr. Peterson:

This report is intended to be the final version of the Revised Hydraulic Analysis Addendum to the Amendment to the Trails DMP. The following changes have been made since the previous submittal on October 11, 2016:

- 1) The rating curves in Appendix B for Ponds D and F5 have been updated to reflect the excavated volumes.
- 2) Rating curves for the proposed ported risers at Ponds D and F5 were added to Appendix B. These risers match the ones shown in BHI's work order plan set.
- 3) Updated PCSWMM model in Appendix C.
- 4) Updated PLATE_1 and Conceptual Grading exhibits in Appendix E.

If you should have any questions regarding this submittal, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "David B. Thompson".

David B. Thompson, P.E.

Cc. Mr. Hugh Floyd, P.E.
