Quanz Car Care Automotive, [C-12/D005A]  
9101 Eagle Ranch Rd. N.W.  
Architect Seal, Stamped & Dated – None.

Dear Mr. Miller:

The DRB Site Plan (without Letter or Statement of Certification) submitted on September 26, 2002 is not sufficient for acceptance by this office for final Certificate of Occupancy (C.O.). The required Letter, which has not been submitted, and/or DRB Site Plan/TCL, in the Certification package (Cert), must be stamped with the designer's seal, signed and dated for that certification. Submit the letter and another copy of the DRB Site Plan again. All documentation must be submitted with a FULLY COMPLETED (including Zip Codes, full street address of project, "Type of Approval Sought", etc.) Drainage and Transportation Information Sheet on every document submittal pertaining to the TCL, Temp C.O. or Final C.O. This helps in keeping others involved with this project, who may be concerned, up to date on the status of the project--the "Contractor" nor "Surveyor" on form are not so critical. Submit to Hydrology at the Planning-Development Services Center.

Resubmit acceptable Cert along with fully completed Drainage Information Sheet to front counter personnel for log in and evaluation by Transportation.
