

Required mitigation:

1. Replace the wire enclosures with leak-proof refuse containers
2. Properly contain and dispose of all Construction and domestic wastes.
3. Provide self-inspection reports. The most recent received is dated 5/24/2019.

Self-inspection reports can be hand-delivered, e-mailed or kept on-site. If kept on-site, the location is to be communicated to the City and the location must be accessible to the City during regular work hours.

If the violations are not mitigated within 7 days, the property owner is subject to a fine of \$500/day per the City's Drainage Control Ordinance.

If you have any questions, you can contact Curtis at 924-3420, ccherne@cabq.gov.

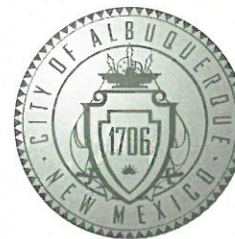

Sincerely,

James D. Hughes, P.E.

Re: Drainage Ordinance (14-5-2-1) Violations for Erosion and Sediment Control

Dear Mr. Gantner,

Our records indicate that you have been informed twice now of noncompliance with CGP Pollution Prevention Requirements for storage, handling, and disposal of construction and domestic wastes by e-mail from Tim Sims on June 25th and phone call from Curtis Cherne on July 7th. The wire trash enclosures leak and do not have lids. Construction debris and domestic wastes should not be thrown on the ground.
