Grading and Drainage Plan,
Engineer's Stamp Date 1/29/2013 (C19/D056)**

Dear Mr. Likar,

Based upon the information provided in your submittal received 1/29/2013, the above referenced plan is approved for Grading Permit and Building Permit. Before submitting plans for permit please attach a copy of this approved plan to the construction sets prior to sign-off by Hydrology.

Prior to Certificate of Occupancy release, Engineer Certification per the DPM checklist will be required.

This is the plan to certify for release of Certificate of Occupancy.

This project requires a National Pollutant Discharge Elimination System (NPDES) permit for storm water discharge and a Topsoil Disturbance Permit since it is disturbing $\frac{3}{4}$ of an acre or more.

If you have any questions, you may contact me at 924-3986 or Rudy Rael at 924-3977.

Sincerely,

Curtis Cherne, P.E.
